

It is not fair for Sinclair Broadcasting to force their stations to air an anti-Kerry documentary days before the election without also requiring them to air either an anti-Bush documentary or a pro-Kerry documentary to balance the information. This is a clear example of the dangers of media consolidation.

Sinclair is obligated by law to serve the public interest, not just their own. They use the public airwaves free of charge. Please don't let this large corporation corrupt our democracy. Help reunite this country and show people that large corporations cannot try to control our thinking

We need to rethink the current media ownership rules to prevent this kind of perversion of the system from happening. Thank you.
